REPORT

THIS IS UNEVALUATED INFORMATION

1. The landing exercises forecast _____ took place on the   50X1-HUM
   Wustrow Peninsula, and were accompanied by further maneuvers to the west
   in the vicinity of Klütz (O 20). The exercises also involved parachute
   troops based on Warin (T 68).

2. Troop movements are reported from Pritzwalk-Meyenburg in the direction of
   Plau and Goldberg (T86). On the evening of 30 July 1950 a transport detrained
   at Goldberg railroad station, consisting of 40 tanks and armored reconnais-
   sance vehicles. Troops, stores, and fuel dumps were being assembled on a
   large scale, and forest camps were being prepared for troops, in the districts
   of Goldberg, Schwinz, Drewitz, and Nossentiner Hütte (U 15), as far as
   Loppin, and above the Kölpin Lake (U 25) near Waren. This seems to indicate
   special activity in the direction of the zonal boundary and of Lübeck Bay.

3. Travelers from the zonal frontier near Wittenberge and Gadebusch report signs
   of a war psychosis among the civilians. They also stress the unusual friendliness
   shown towards the Germans by Soviet officers and men.
